

# Our Pillars

*The foundations have been laid, and we will build our future on 5 new pillars:*

OUR FACILITY

OUR EMPLOYEES

OUR VOLUNTEERS

OUR TRUSTEES

OUR COMMUNITY

**Our facility** will be managed by a dedicated Caretaker whose role is to ensure the building is maintained to the highest standards.

**Our employees** will be trained and supported in line with the Investors in people standards and always paid at a minimum the real living wage.

**Our volunteers** will be well supported, valued, trained, and celebrated in line with the of the Investors in volunteers standards.

**Our Trustees** will ensure we have excellent governance and robust systems in place while remaining locally led, unbureaucratic and grounded.

**Our community** will be regularly consulted and listened too; we will ensure that we adapt our priorities and activities to meet local needs as they change.
